

**ANNUAL REPORTS**  
**OF THE**  
**TOWN OF CANDIA**  
**New Hampshire**

**For the Fiscal Year Ending**  
**February 15, 1916**

Our greatly improved and enlarged equipment is the result of our rapidly increasing patronage, and we take pleasure in this opportunity to thank our Candia friends for their contributions to our success.

Kindly remember that our office, in the center of the shopping district, lends itself especially to the trolley conveniences of Candia suburbanites.

Your convenience is our pleasure and our best services are at your disposal.

## SCHOOL REPORT.

---

The annual statistical report of the School Board for the school year ending July 15, 1915, shows that eight schools had been maintained for 35 weeks, with 172 pupils registered and attending two weeks or more, 5 of whom were under 5 years of age, 50 between 5 and 8 years, 101 between 8 and 14, 15 between 14 and 16, and 1 over 16 years old.

The percentage of attendance in different schools varies considerably. It is seldom all that could be desired, and this year compares very well with preceding years. The average percentage of attendance figures at 90.43. Forty-five pupils were not absent nor tardy during the year. The number of cases of tardiness were larger than we like to report. The truant cases are annoying as well as, in many cases, wilful neglect upon the part of the parent. We make an appeal to parents urging them to impress upon the minds of their children that attendance at school and promptness in attendance are important factors in their success through life, and there is no better place to begin the practice than the schoolroom.

The financial report for the fiscal year ending February 15, 1916, shows that \$545.00 was received from the state as state aid money, which speaks well for our investment of raising sufficient money to secure this aid.

There have been several changes in the teaching force and some transferring of teachers from one school to another. In general, the condition of the schools is satisfactory. This does not mean, however, that there are no ideals to be worked for, and the attitude of the parent is sympathetic.

In two of our schools we have normal and in three, certified teachers, whose employment entitles the district to two dollars per week from the state for each of these teachers.

We acknowledge, with thanks, the contributions received from Miss Ellen Eaton, Mr. Frank W. Sargent and the Village Improvement society towards the erection of a more modern and suitable outbuilding on the grounds at the South Road schoolhouse. There is a need in all districts for the residents in their respective district to organize and conduct a campaign towards the cleaning up and beautifying the school grounds. Repairs and improvements have been made looking towards sanitation and health. Two schoolhouses have been painted outside this year and six within three years. Interior repairs have been made as finances would permit.

Let the children realize that all books, supplies and equipment is supplied by the district, and that a careful, prudent use of the same is essential, and will be appreciated by the taxpayers of Candia.

CHARLES W. PHILLIPS,  
For the School Board.

## REPORT OF TREASURER OF THE SCHOOL DISTRICT OF CANDIA, N. H.

(For the Year ending Feb. 15, 1916.)

### RECEIPTS.

Received from Town Treasurer:
